The Chairman invited shareholders to ask questions or voice their observations. Shareholders raised some issues which were summarized as follows:

Mr. Boonprasit Rojanapruk (Shareholder) Why Account Trading amount in Balance sheet not consistent the operation analysis ?

Mr. Apichart Leeissaranukul (Executive Vicr President) Trading data decreasing in Balance sheet was correctly

Mr.Boonprasit Rojanapruk (Shareholder) From the Annual Report, What does the Visual Control ?

Mr.Hiroyuki Nakano (President) Visual Control or Mieruka in Japanese language is means indicators signals can be of many operations from different because the company is the place of produce the products. The main of operations is the manufacturing, the visualization of the movement and changes in production. When the executives have patrolled to the factory, they have to know the change and happened both of cost and profit, there're bringing to cost of control.

Mr. Boonprasit Rojanapruk
(Shareholder)

In the future , Could Bulb sale and Mold sale structure increasing ?

Mr.Hiroyuki Nakano
(President)

Bulb manufacturing business started to produce for delivery to lighting equipment factory to produce in next process. In first time, we didn't expect for export to external. But in the present, the competitive of market is higher and the economic expanding is lower. With the regarding, The Company considers to expand of sales for the company by sales to external. The sales for oversea in Indonesia and India. For Mold manufacturing business , The Company try to production by using Know How , with the aim to produce for good of product.

Mr. Boonprasit Rojanapruk
(Shareholder)

In Stanley Electric Co.,Ltd. (Japan) have had many products such as LED bulb , Flash Bulb Fluoresence Bulb and Air Control Panel , Have Thai Stanley plan other project exceptional to be shareholders in related company such as Sirivit Stanley Co.,Ltd. And how about ECO CAR project?

Mr.Hiroyuki Nakano
(President)

The firm of Stanley Electric Co.,Ltd. (Japan) which many the products such as the LED known that the Stanley is 2 firms as Thai Stanley Electric Public Company Limited and Asian Stanley International Co.,Ltd. the primary of lighting LED Eco car project, The government is supporting to continue development but there are some gaps as the economic. The Automotive manufacturer also has ideas and support to production. The company have continues the committed to orders and production or expand the market. Automotive manufacturer are each company's strategy but the company could' not explain because a strategy of customer.

Mr.Chatchai Khunngam
(Shareholder)

Offering to envelop attached with the reply letter of proxy for shareholder who inconvenience to participate in meeting and offering to translate to Japanese by the portable transmitter with the aim to reduce time in meeting that the company had developed. Ask the Auditor that How much the Debt to Equity Ratio of the company

Mr.Apichart Lee-issaranukul
(Excutive Vice President)

We're welcome for consideration. For translation in Japanese had developed.

Ms.Nangnoi Charoenthaveesub
(Auditor)

Debt to Equity Ratio to 0.11. In last year to 0.24 which decreased. It's better that last year, decreased of debt

Mr.Chatchai Khunngam
(Shareholder)

Ask for the future of automotive industry and appreciate for give opportunity for participation associate's representative

Mr.Apichart Lee-issaranukul
(Executive Vice President)

Auto industry situation is a difficult situation to answer because it also continued to decline such as first of 3 months in this year from January to March decreased by average 30 % but in April, May domestic sales decreased by 27%, but the alarming of export market for 3 months decreased 15% , February decreased 32%, March decreased 38%, April decreased 45% and May decreased 54%. To analyze the market in the country is saturated but the oversea market continued decreased and overall market are breathtaking because the domestic market to 40% and oversea market to 60% which the export market is the biggest market.

The latest Toyota Motor (Thailand) Co., Ltd. has provided information that will produce 940,000 cars a total decrease of approximately 30%, continue to tell that the back half may be better. If you look in the long term. Vehicle market is also good. when people have money to buy better cars. But is continuing in the long term. And what to watch is the global economy, the Americas, Europe, Japan and China.

Company to see from this difficult situation in approximately 2 years to see if this scenario is the minimum but can not predict that it will be? Situation may be a U shape or L shape, but U look like a very long but that the company want to give the condition V Shape up and then immediately Situation as in 2540. For how well a company which is leading the SNAP activities and strategies are used such as reducing waste. This will see the current sales decreased earnings ratio, but decreased only slightly. And try to find new products and markets include products in Replacement and Accessories such as RAYBRIG brand lamp is high quality, high brightness. And available Cockpit Center.

Shareholder

The company has estimated sales and economic crisis, will enable us to stage the competition and how many the market share?

Mr.Hiroyuki Nakano
(President)

The Company is improving all the time for loss the capital. In current sales from January to May decreased 50% compared with the same period for last year. In current event, The Company find something unusual has occurred from the production process. Search the results can created a Real time that provided of Strategy Office. The results are a cause of the abnormalities (Visual Control) and expect the economy to recover and try to reduce production costs for needs of shareholders

Market Share of Thai Koito Co.,Ltd., company can not respond . So, ask for Clarification of Market Share , its approximately 98% of motorcycles and cars about 50%

Shareholder of Thai Investors Association

Describing the costs of employees have increased from 770 million to 816 million baht while reduction of employees.

Mr.Apichart Lee-issaranukul
(Executive Vice President)

The Company wishes to clarify that the policy does not reduce employee. For employee reduction because of the employee had retire for other job which is usually every year. And hiring employees with certain contracts such as 3 months 6 months. For a job when the company added when finished the company will consider the agreement again. This section has no employees renewal for the increased costs of salary adjustments to employees and 5% from last quarter 1-2. Sales increase. The firm has increased employment. But the decline in the quarter of 3 - 4.

Mr.Wutthichai Peerapattanapoom
(Shareholder)

The company brings cash to the Executive how to efficiently. We offer a stock repurchase approximately 10%. An investment in yourself and to EPS (Earning Per Share) increased.

Mr.Apichart Lee-issaranukul
(Executive Vice President)

We welcome the consideration of the Board of Directors Management which focuses on everything and trying to do better.

No other question being raised, the chairman, then, requested the Meeting to consider.

Sales	7,893.74	8,329.80	(5.24)
Total revenues	8,200.50	8,585.20	(4.48)
Cost of sales	6,249.51	6,303.15	(0.85)
Selling and administrative expenses	604.34	648.73	(6.84)
Profit before income tax	1,406.50	1,711.10	(17.80)
Net profit for the year	1,108.63	1,296.03	(14.46)

The Chairman invited shareholders to ask questions or voice their observations. Shareholders raised some issues which were summarized as follows:

Mr. Boonprasit Rojanapruk (Shareholder)	Explanation for trade receivables decreased from 1,151.61 million Baht 651.60 million baht and trade creditors decreased from 557.43 million Baht 260.97 million baht and tax money to pay arrears decreased from 239.82 million baht to 89.09 million baht and advance payments received from customers increased from 1.04 million baht to 54.68 million baht due to the delivery to customers are increase?
Mr.Apichart Lee-issaranukul (Executive Vice President)	Ratio decreased all creditors and debtors because of decreased sales. In the early years of high sales and a decrease in Last quarter. For income taxes decreased by profit. And promoted by the BOI allows lower tax rates. The advance payments received from customers that the company can not predict. Depending on customer profit tax rate to decrease with the BOI has been encouraged.
Mr. Boonprasit Rojanapruk (Shareholder)	Why the dividend income increased from 54.62 million baht to 115.16 million baht and a decrease in car business. Some companies pay more dividends. The more the same as PT Indonesia Stanley Electric Company and Asian Stanley International Co.,Ltd. and the value if product obsolescence. Value and if the net value will be lower than the cost increase is 9.30 million baht from 1.81 million baht.
Mr.Apichart Lee-issaranukul (Executive Vice President)	Dividends received from the results of prior year results are very good. And some companies have dividend rate adjustments such as a change from the original 50% 100% It's lucky that this year may be reduced. If the value of products obsolete. Occur every year from companies that will review a product that is outdated or not the sale price and from the auditor of strict monitoring. Which makes its assets are actually current.

(Shareholder)	Total revenues of the automotive market higher. From Car market graphs increased. But the company's revenue decreased. Caused by fiscal year?
Mr.Apichart Lee-issaranukul (Executive Vice President)	The company's fiscal year that began April And end March Unlike other companies that started months of January and the end of December.
(Shareholder)	Annual Report from page 89 What is the cost certification and a decrease due? Representing about money?
Mr.Apichart Lee-issaranukul (Executive Vice President)	The company has a strict certification fee. It must receive approval from the President and Executive Vice President only

No other question being raised, the chairman, then, requested the Meeting to consider.

The Meeting duly considered and resolved that the report on Company's operating results in respect of the previous year be certified and the Directors' Report be approved by the following voting:
